

STATUS: Underway.

PROJECT: Document Imaging and Workflow System (DIWS)

DESCRIPTION: This project includes workflow processing to allow re-engineering of MVA business processes to improve customer service, efficiency and productivity. Expansion of this system includes upgraded hardware and software capabilities in the Driver Control, Administrative Adjudication and other business processes.

JUSTIFICATION: Digital imaging will provide the capability for interactive records availability, transmission of information to distant sites, multi-user accessible for same record, possible staffing reallocations, reduced reliance on paper, reduced floor space for paper storage and improved efficiency and productivity. This project will increase optical storage capacity and provide the network and image management foundation for future office automation.
